

Carter Lake Newsletter

Hello again,

One of the hot topics around town is the free public Wi-Fi system, "BLINK", and the area it covers. The central hub is Carter Lake School. The main coverage is 9th street to 17th street and Avenue K to Avenue Q. It also covers most of Lakeside Mobile Home Community. Again, I would like to thank Council Bluffs Community Schools and Iowa West Foundation for their partnership with the City of Carter Lake to make this happen. It supplied much needed services to our community.

The Praxair project on Avenue H is in full swing. The new renovation to the old distribution center will bring a great value to the area. Praxair is one of the largest specialty gas companies in the country. It is well over 100 years old and it's great to see that type of commitment to our town.

It has been very challenging over the past 6 months for all of us. I want to thank everyone for their cooperation and understanding. The number one goal for the team at city hall was public safety.

Sincerely Mayor Ron Cumberledge
