

# City of CARTER LAKE EST. 1930 NEWSLETTER

Hello

**Carter Lake Citizens!!**

Here at City Hall, we are finishing the outdoor projects that have been started. The city-wide water project is on schedule and should be finished before

the freeze. All our scheduled road improvements are complete. Thank you for your patience throughout this process.

Currently, we are gearing up for winter. All our snow removal equipment and de-icing tools are serviced and ready to go when needed. Over the past ten years, we have invested heavily in public safety. Our Fire Department has top-notch life-saving equipment, and our volunteers have the training and knowledge to supply the best service when called out. The Police Department has new systems in place which help prevent crimes. Including our partnership with the surrounding communities, all this together makes our small town a great and safe place to live.

When you drive around town, you can see projects under construction. Patriot Custom Metals, at 300 Locust Street, is adding a 32,500 sq. ft. addition to their facility, which is necessary for their continued business growth. The property on 9th and Ave K is a three story, 60-unit, senior housing complex. This is something our town needs for our aging population. The property on 13th and Locust Street is almost complete with their general cleanup of the site. They are planning stages for their project.

*Have a Happy Thanksgiving!*

*Sincerely, Mayor Ron Cumberledge*
